LIBRARY REPORT.

The trustees of the Andover Town Library submit the following report for the year ending, Feb. 15, 1912.

The number of books issued during the year at the Center Village was 3,505; and the number of borrowers was 273. At East Andover 1,266 books were issued to 102 borrowers. Books have been sent to Taunton Hill in the care of Mrs. Lydia T. Graves; and the circulation there has been 642.

This increase in the number of books issued and in the number of borrowers is very gratifying indeed, and it will serve to emphasize our sense of the increase if we note that since Feb. 15, 1910, the circulation has increased 72 per cent and the number of borrowers over 32 per cent. The notable progress in the use of the books is a marked endorsement of the efficiency of the Librarians. In view of the recent remarkable progress we are moved to repeat the following extract from the report of last year:

It is the wish of the trustees and librarians that members of every family in town would, as a matter of duty, visit the collections at the Center and at East Andover and see what provision the town is making for the instruction, cultivation and entertainment of its citizens. There is still need for a wider circulation and a decided increase in the number of borrowers. Readers of this report, you will find books among your best friends. Try them. They bring you the beautiful thoughts of many bright minds which refresh, inform and cheer you. They bring you knowledge and pleasure simply for the asking. Try what our free library can do for you.
